[Redacted]
Executive Secretary to STAP
Intelligence Community Staff

STAT

Dear [Redacted]

STAT

Attached are 10 copies of the NAPA paper on the "Workforce of the Future." With the papers are binders which contain the reference material used to compile the paper.

We would appreciate comments from the agencies by August 1, and would like them to pay special attention to the implications these trends may have for their organizations. We will use these comments to revise the paper and to prepare the September 1 interim report for Congress. In early September, we will provide copies of the revised paper.

Staff with questions or comments can call me on [Redacted]
Thanks for your assistance in distributing these.

STAT

Sincerely,

Don I. Wortman
